

SOUL EATER

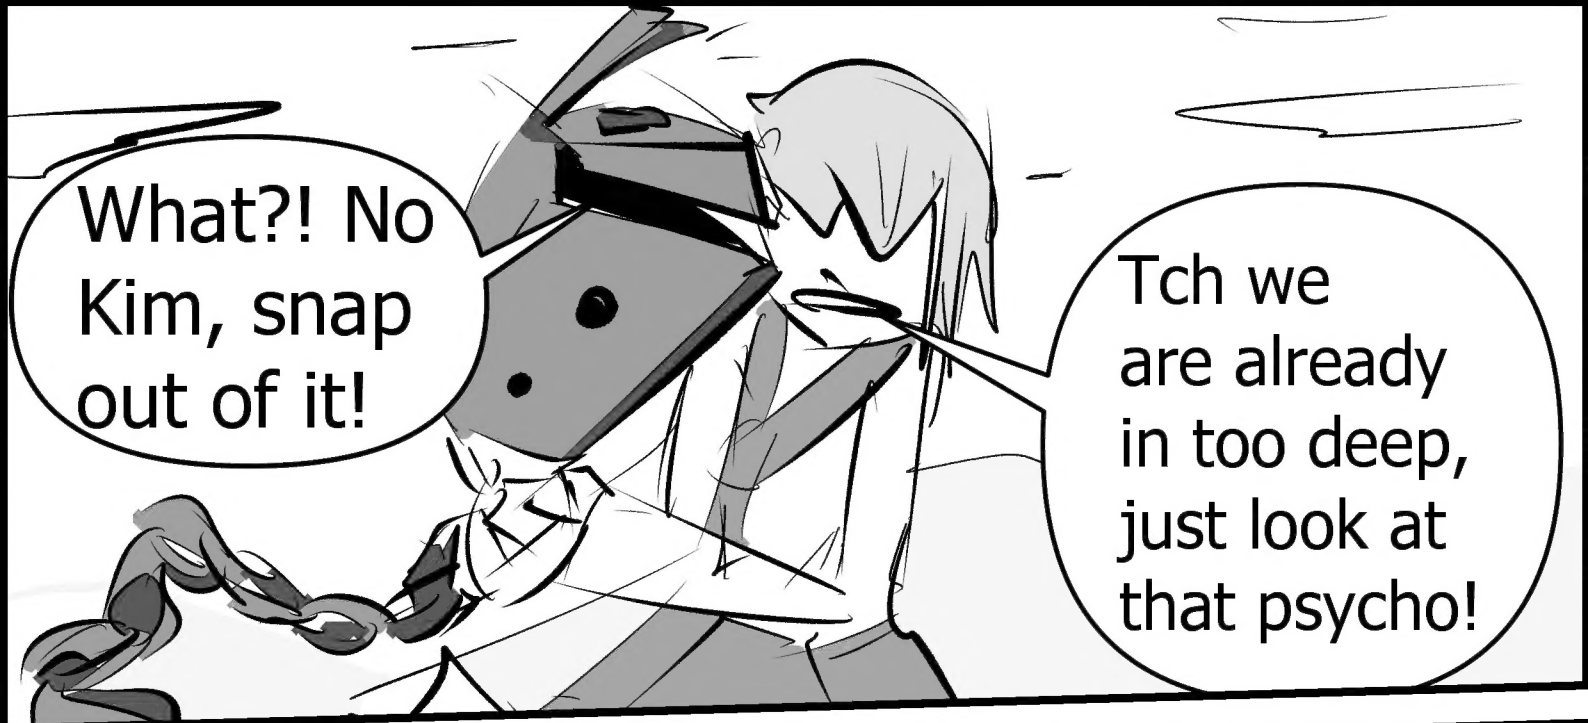

Post...

27

**I break mirrors with my
face in the United States**

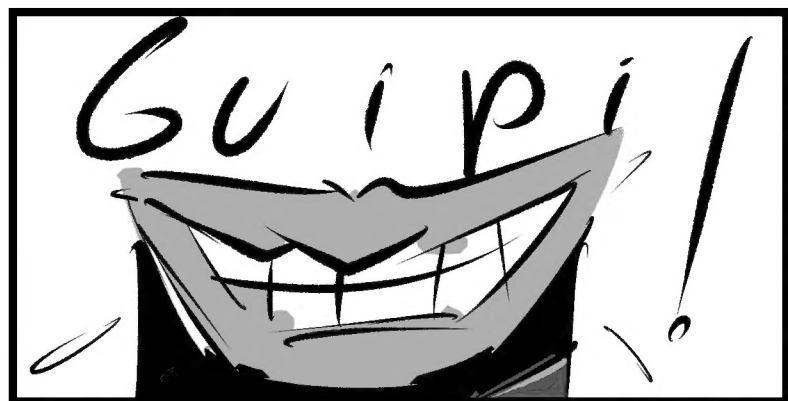

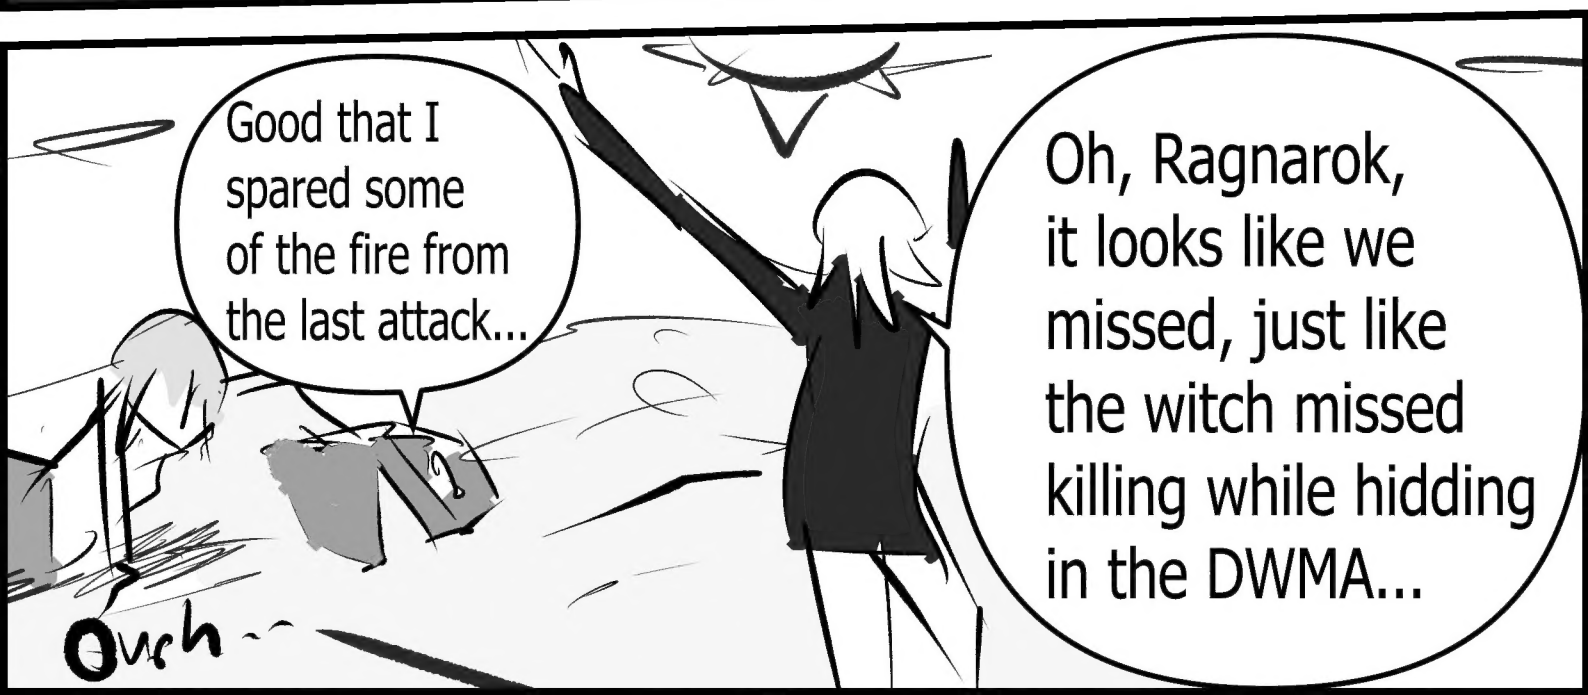

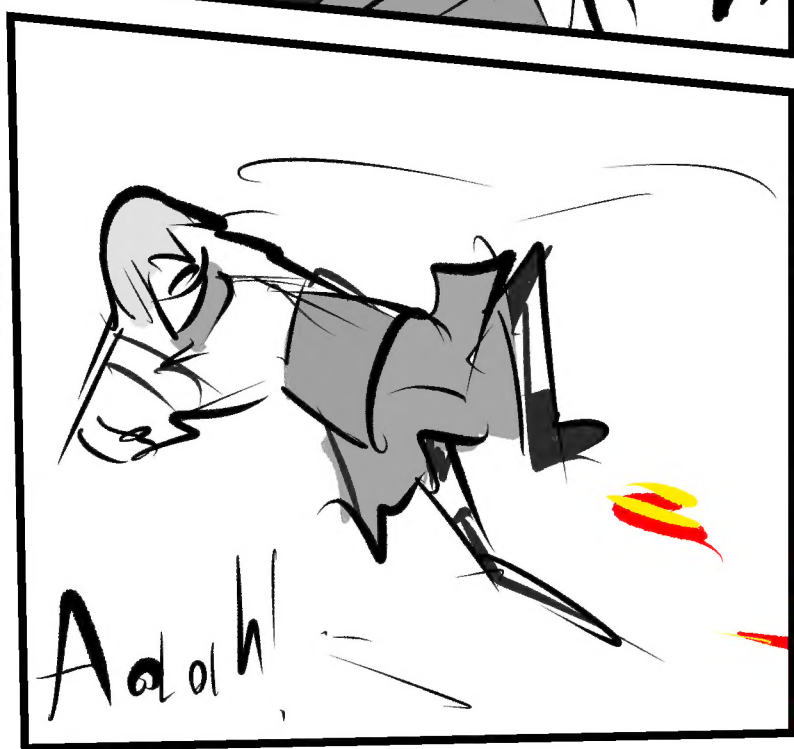

Hmm weird,
I seem to
recall he did...

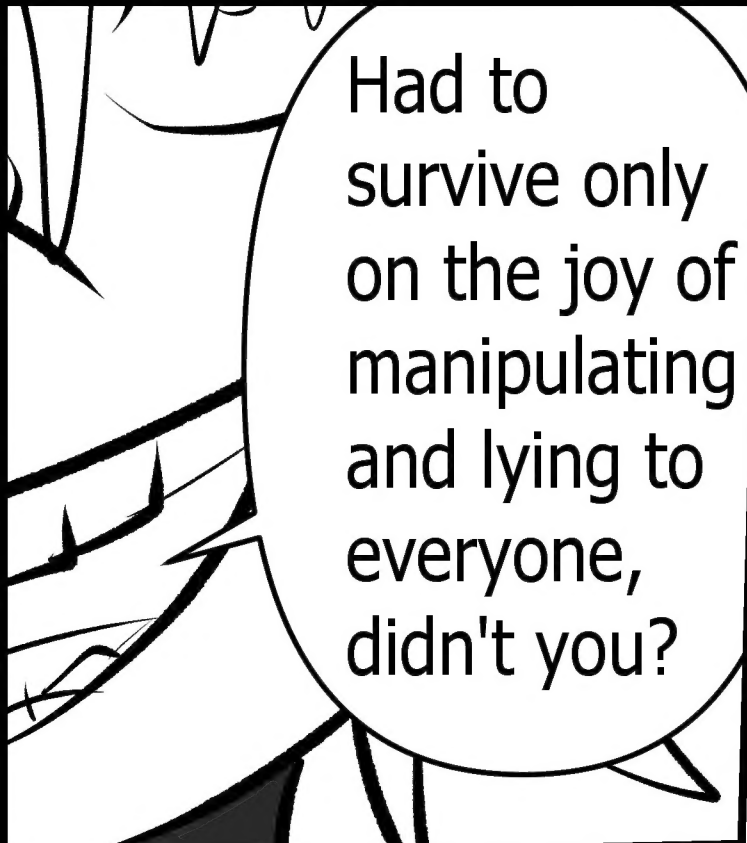

But oh well, that's only
another advantage fot us!

I gnite!

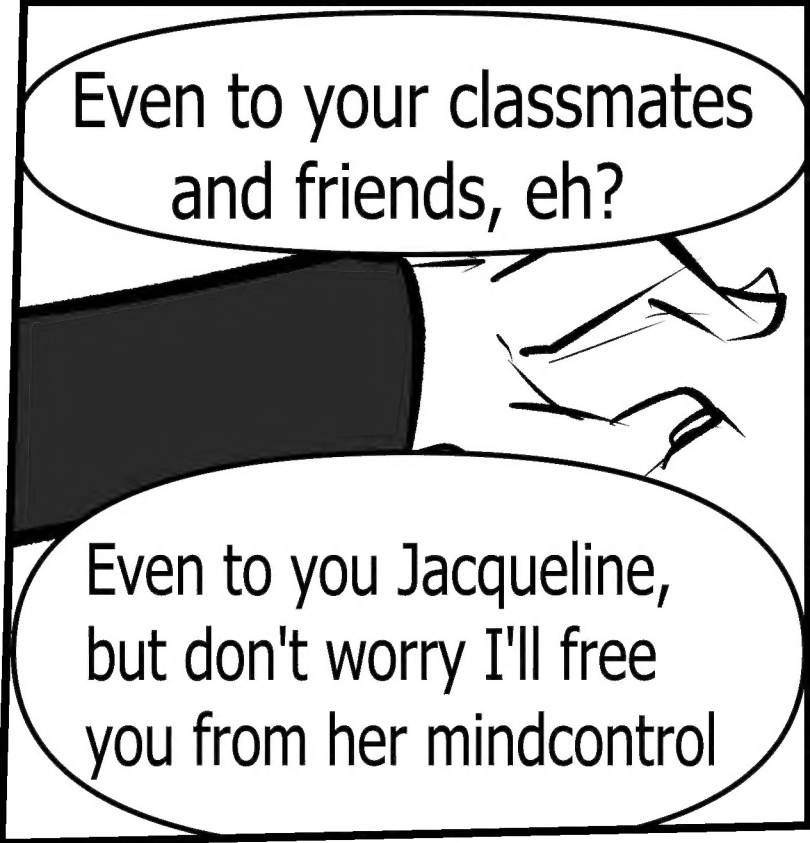

Had to survive only on the joy of manipulating and lying to everyone, didn't you?

Even to your classmates and friends, eh?

Even to you Jacqueline, but don't worry I'll free you from her mindcontrol

What are you blabbering on about freak?

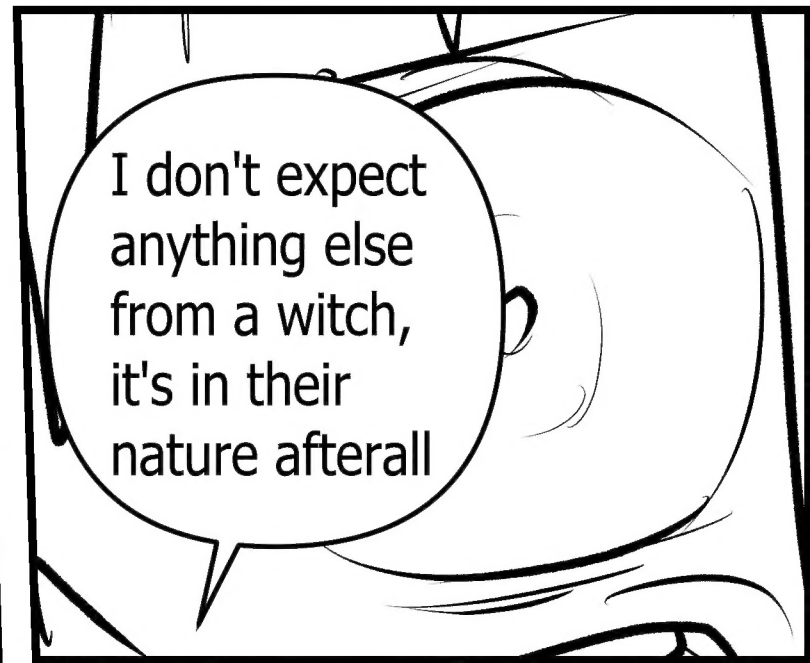

You are the one that tricked everyone into thinking you ain't a maniac!

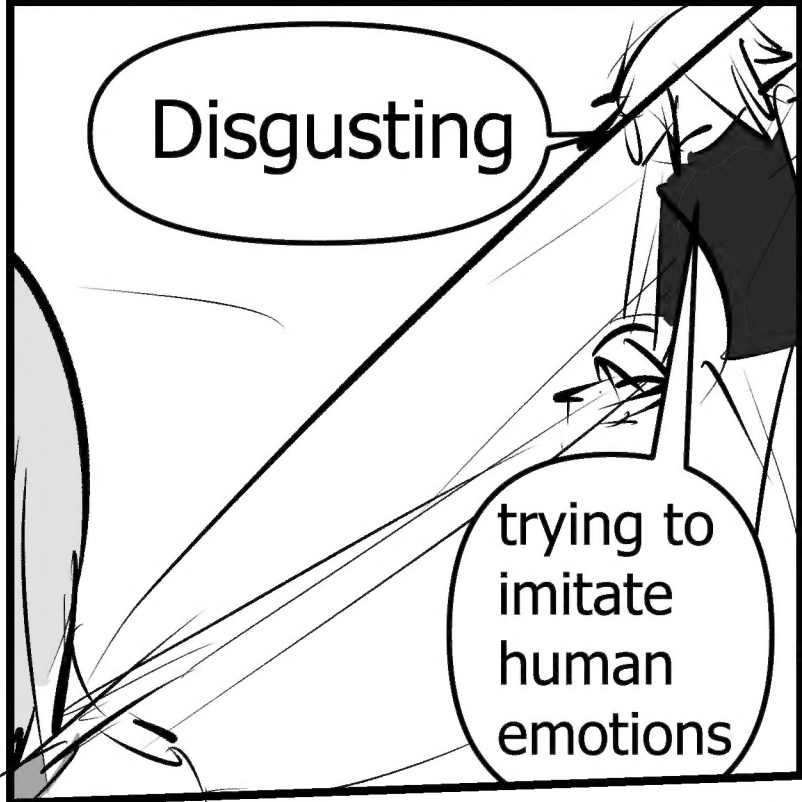

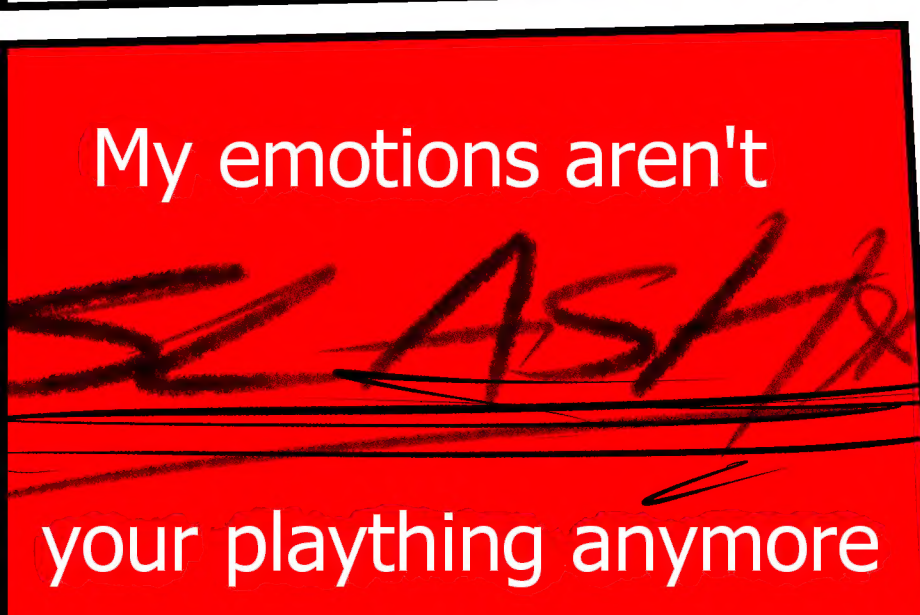

Just more insult, no empathy...

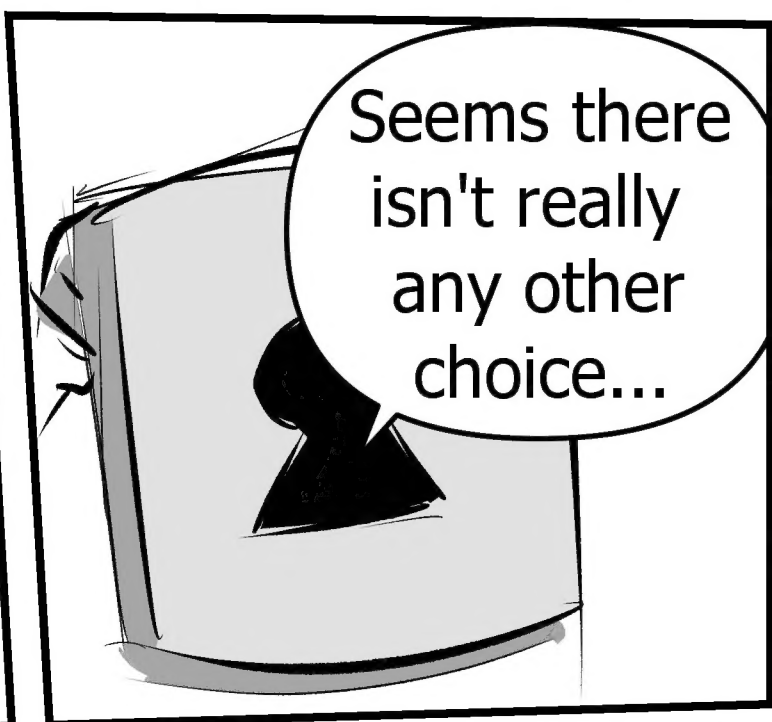

I should be angry or offended, but:

I don't expect anything else from a witch, it's in their nature afterall

and it forces
you to do
bad things,
makes you
feel as bad
as them...

Why is he
leaving himself
open for
attacks, another
weirdo trick?

I'm just giving Jacqueline an
oportunity to reconsider, to
return to the DWMA, because
I know first hand how strong
a witch's spell can be

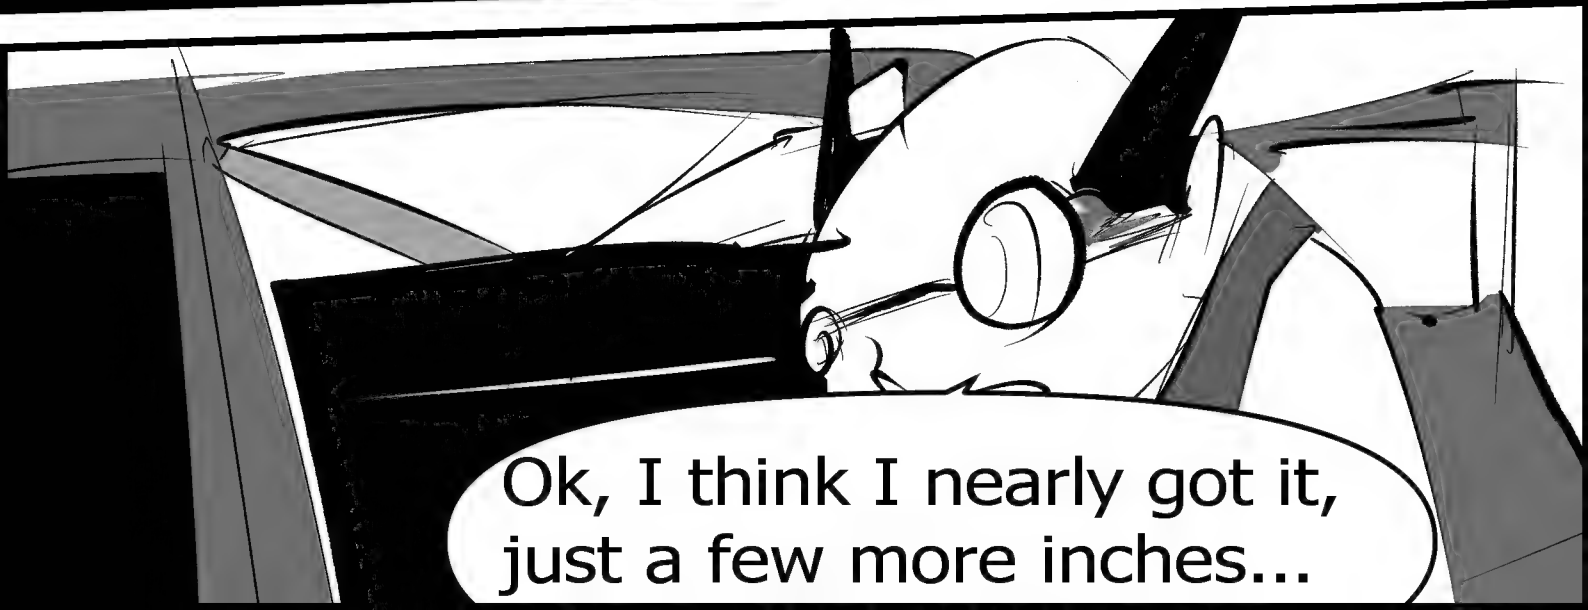

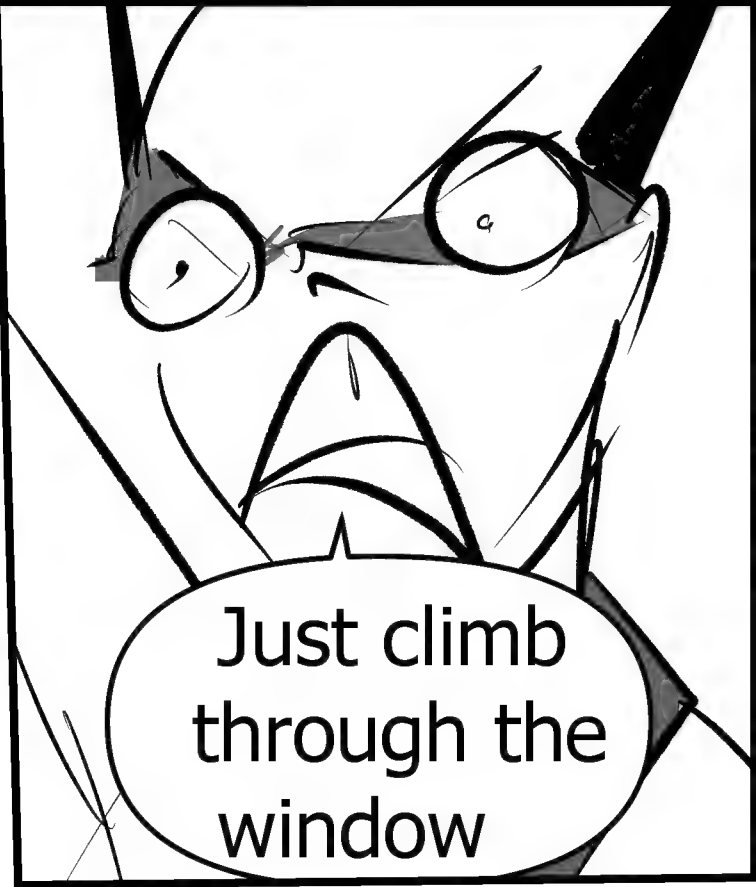

That's all nonsense!
I'm not leaving her
no mater what you
try to spin here!

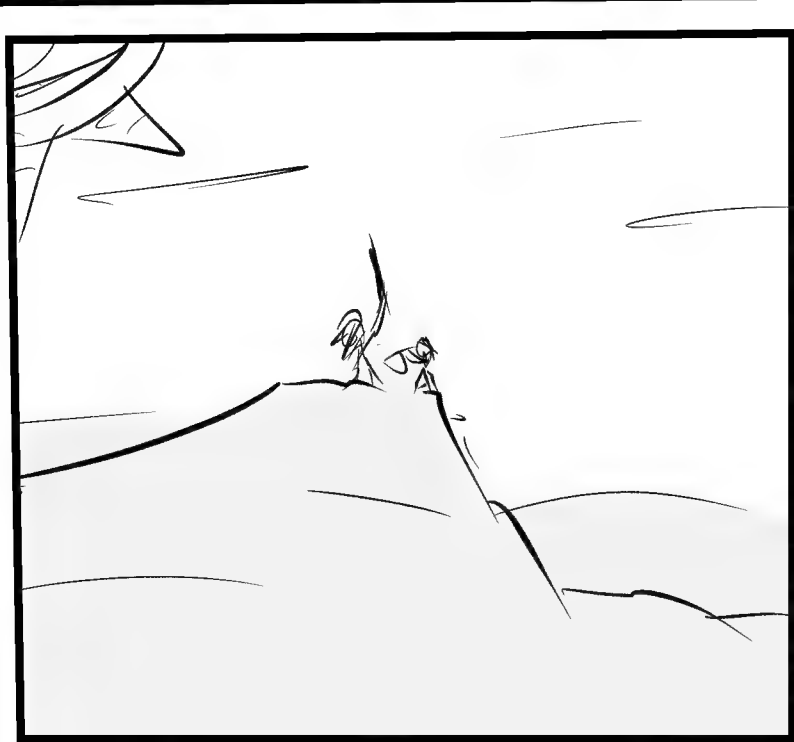

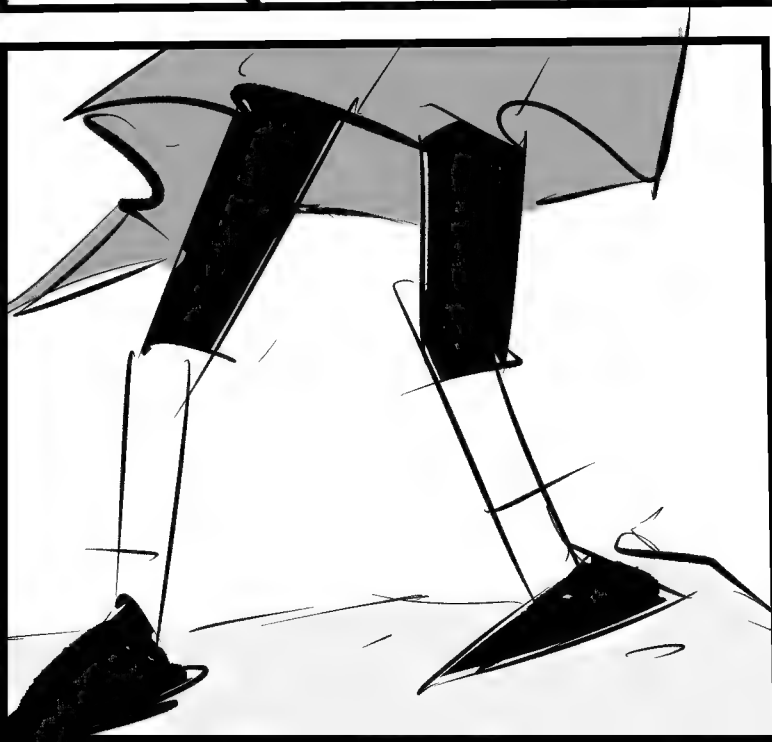

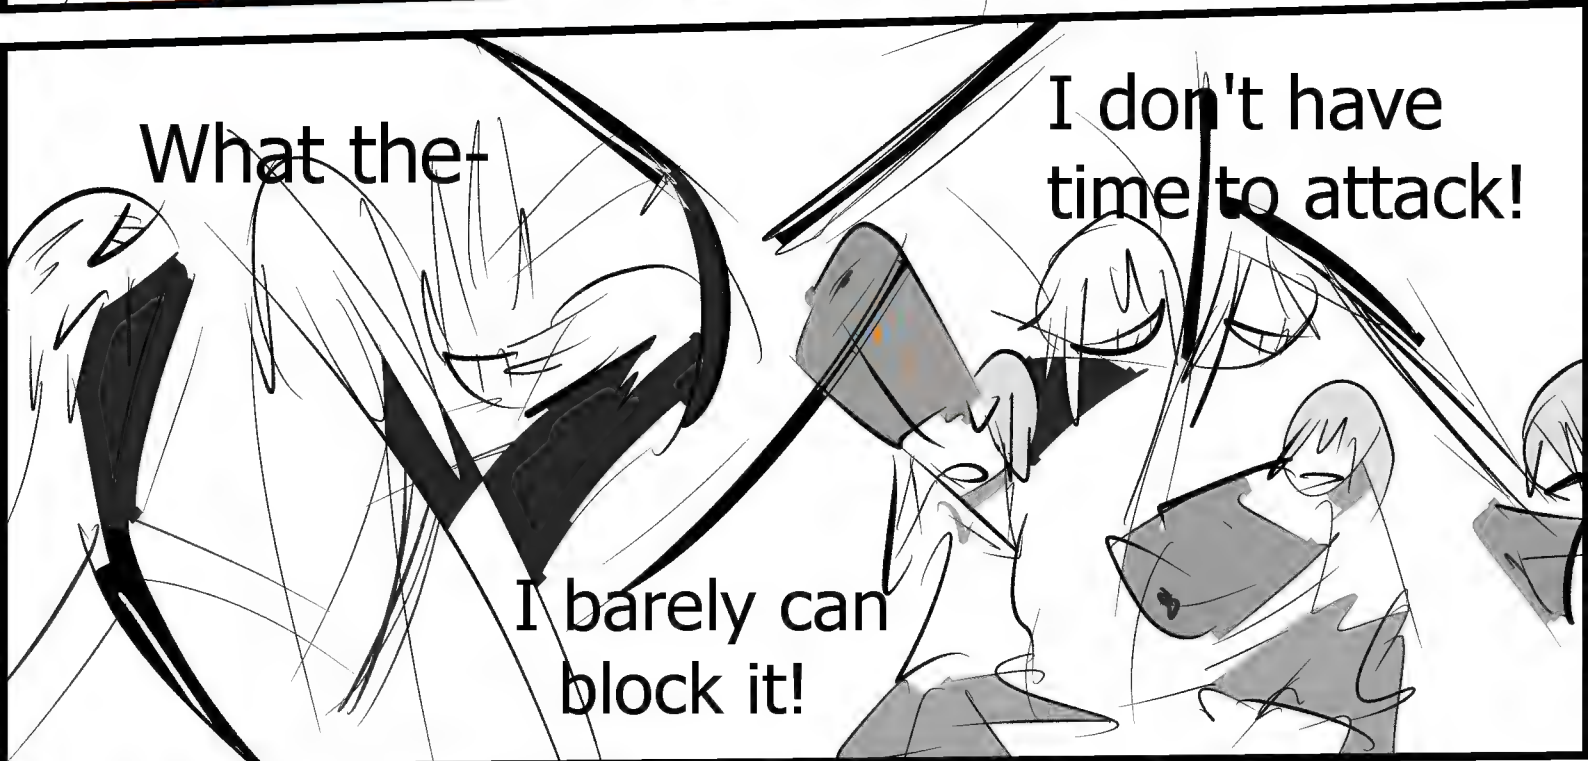

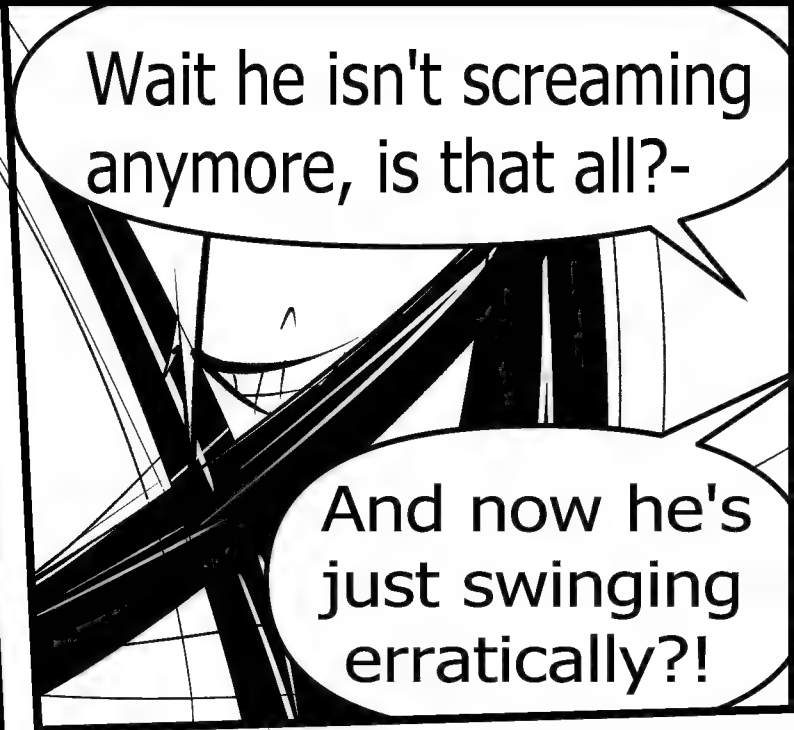

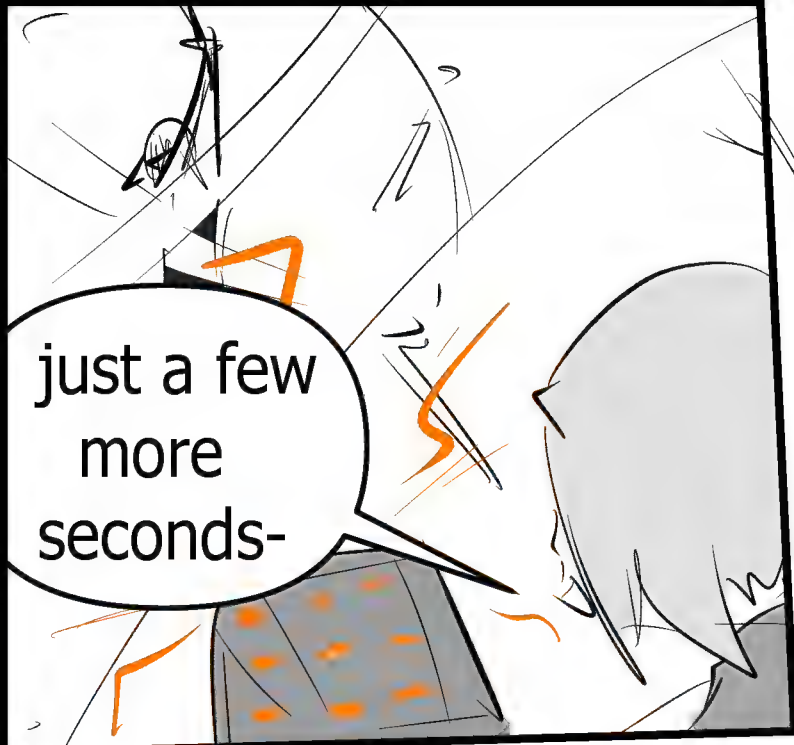

That
indoctrinated
already...

Guess I'll
have to do
it the hard
way

Scream...

- Resonance

Damn a
sand cliff

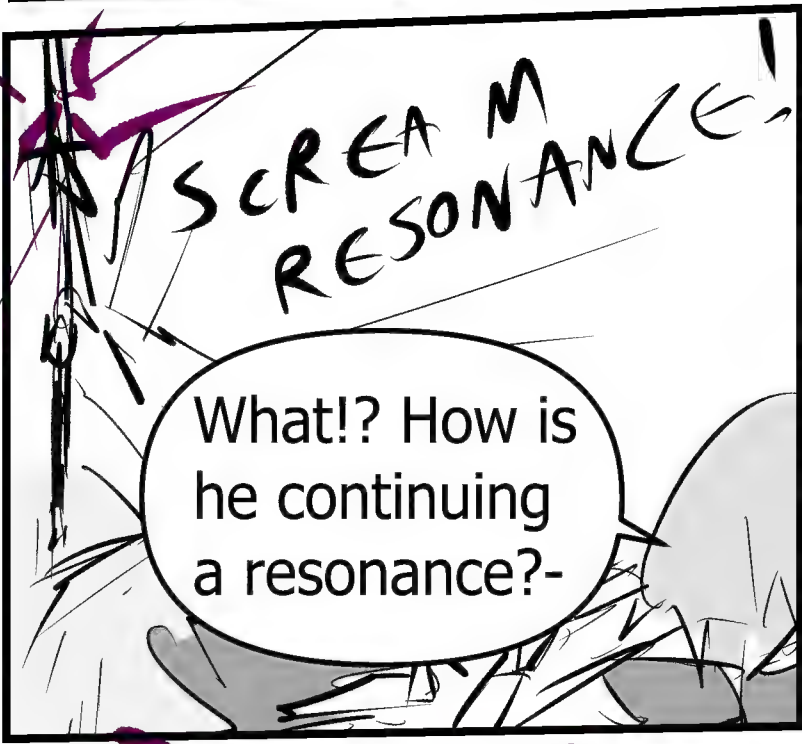

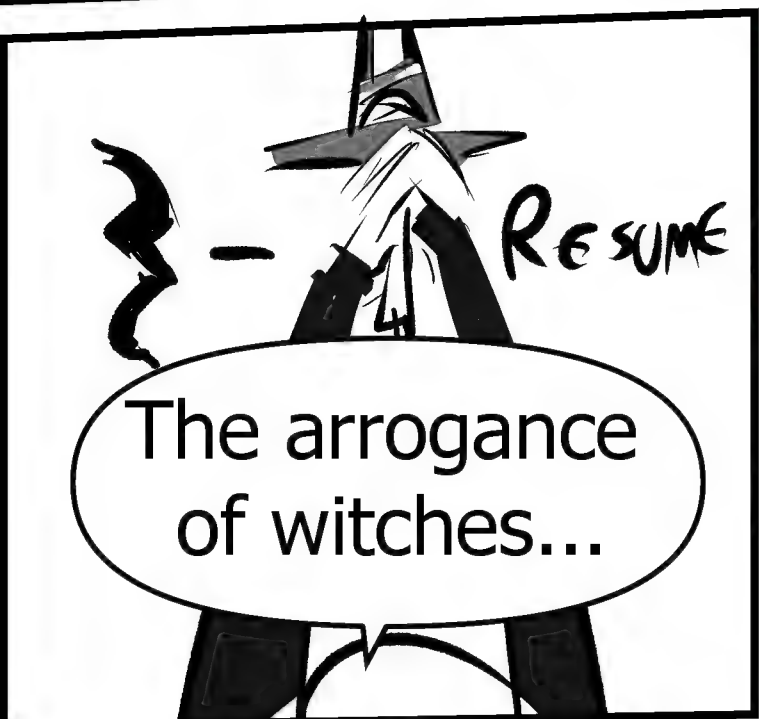

If he keeps
pushing me,
I'll fall down...

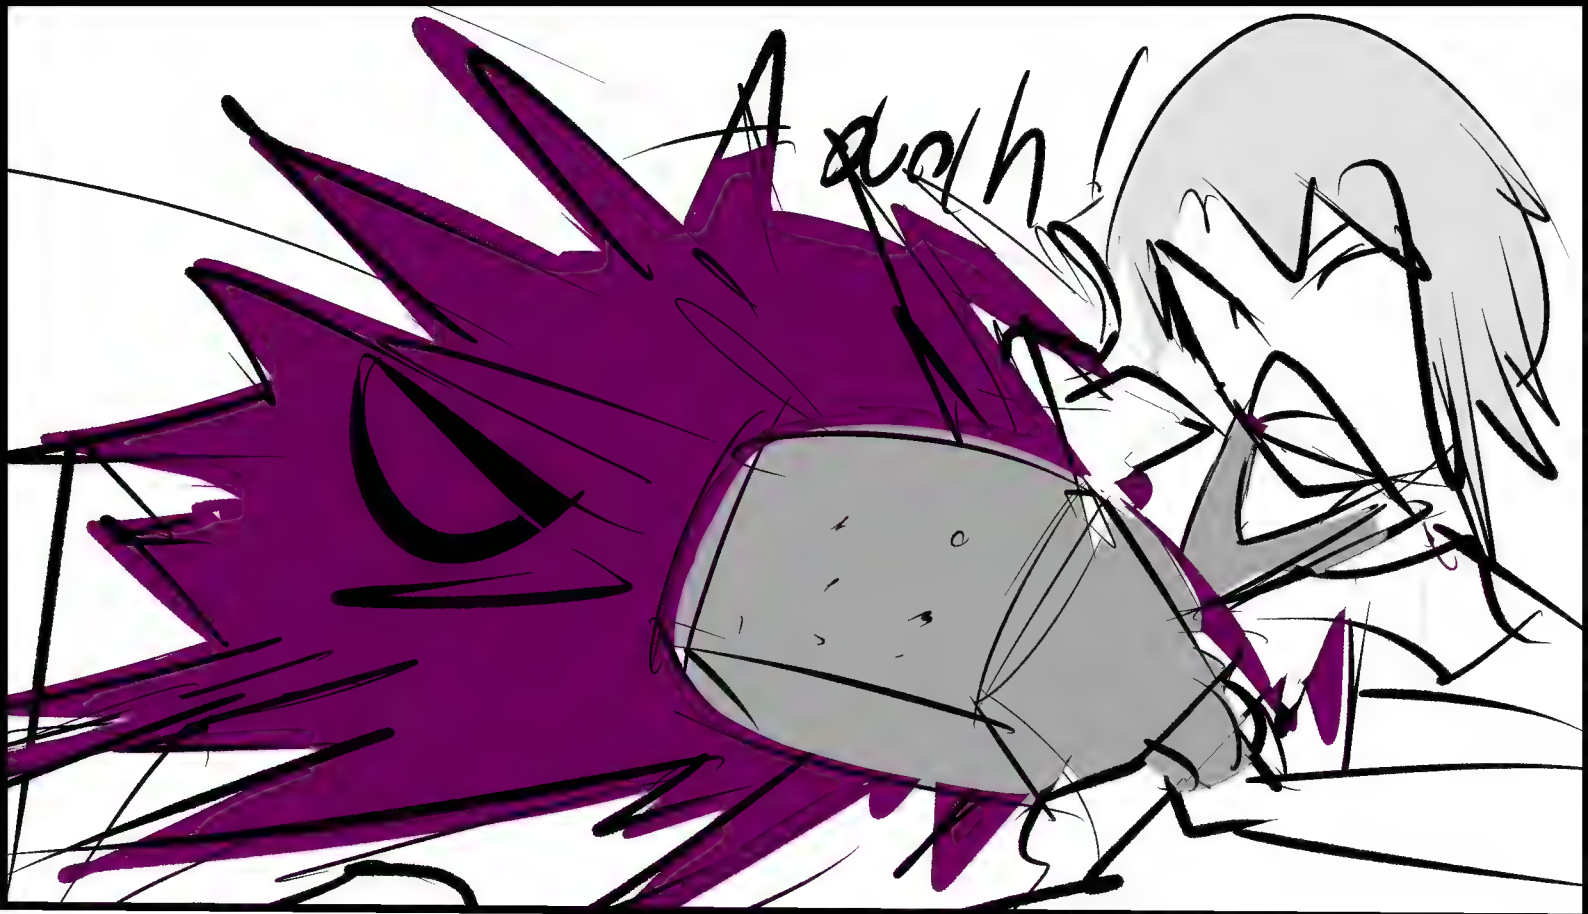

If I couldn't
fly, that is!

Now
RELEASE!

As expected...

Hey, now I'll
literaly looking
down at you, he!

Leave
your
greasy
fingers
of her

Let's see if I can
read her wavelength

Someone who
doesn't feel
fully confident
in themselves
but wants to
appear that they
are, bonding with
anybody for
that reason...

Easy picking
for a witch
to manipulate

Simmmilar enough
to me, if I can
match and resonate,
maybe the spell
on your mind can
be broken?

Release
me, you,
eh- jerk!

Why... Was I wrong, am I useless-

No!

I can't fall back into this,
that's just lies of witch's

Yes, I have
to save her,
so she doesn't
share my fate,
being turned
into a monster
by a witch

I can't fail
that!

Ragnarok,
no more
holding
back

It has to
be done

Ugh,
you-

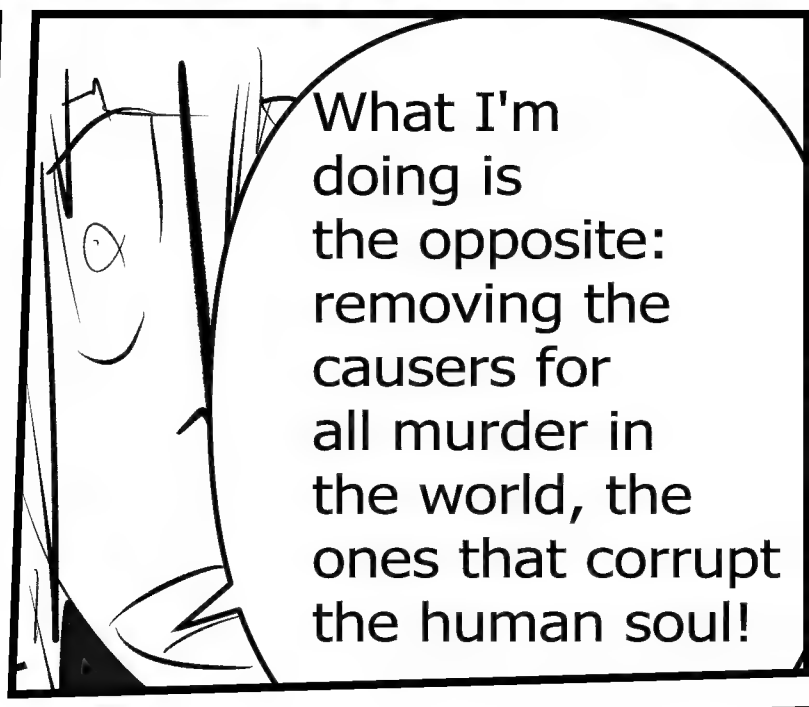

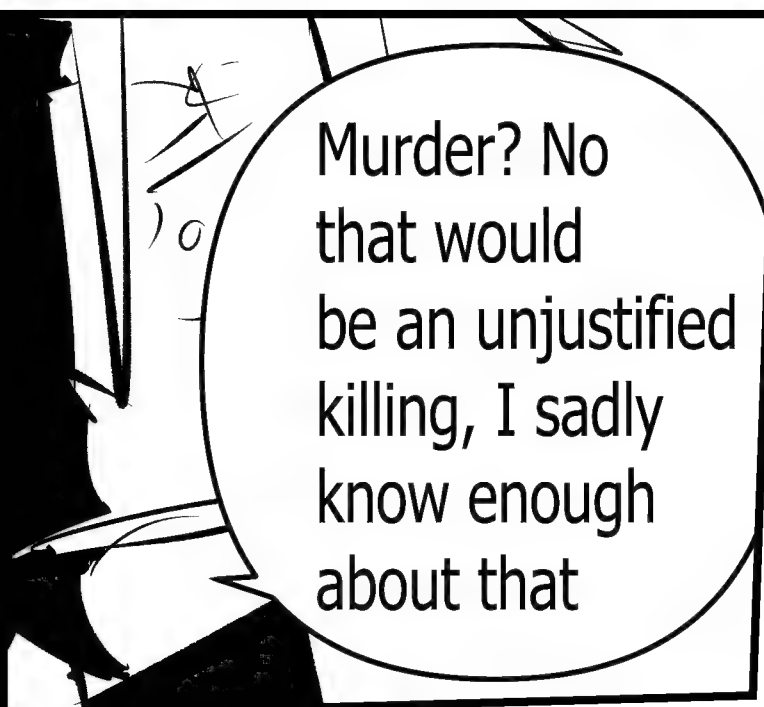

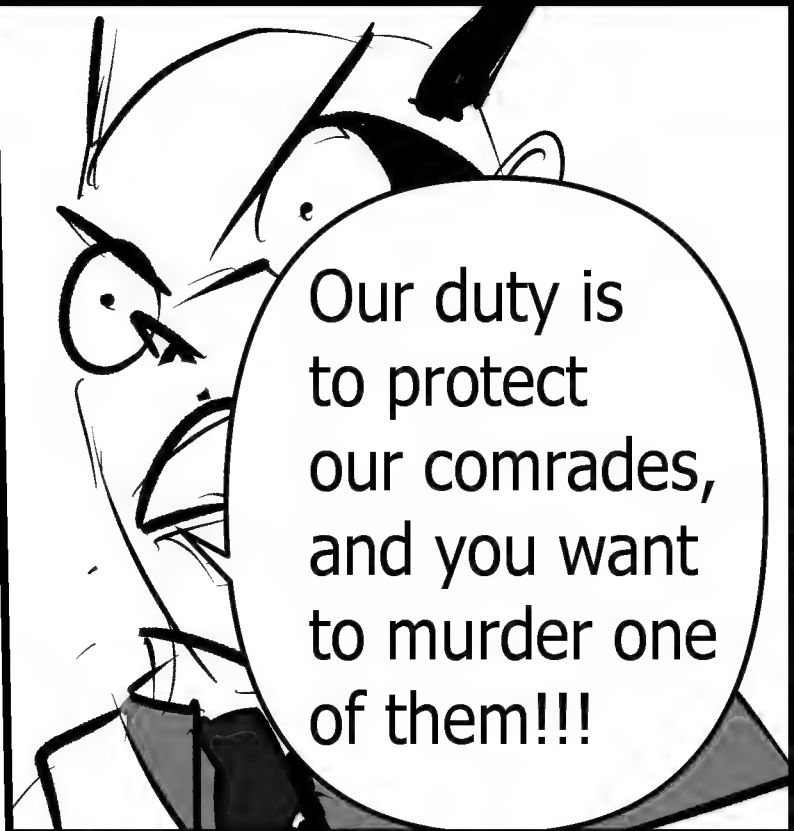

Please
stop!

I-I'm sorry Jackie,
but it must be done

Stop!

Are you
literally
mad?!!

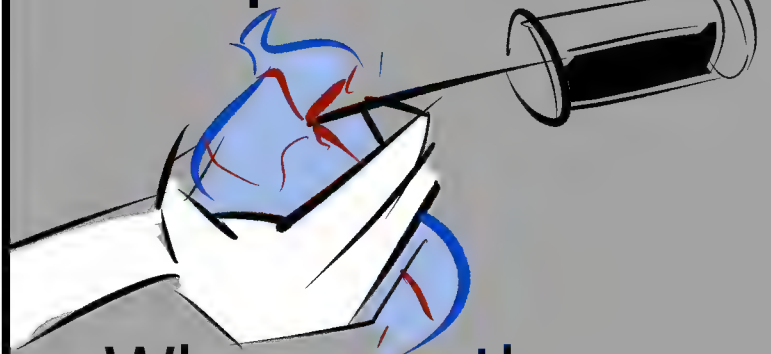

YES I DO!

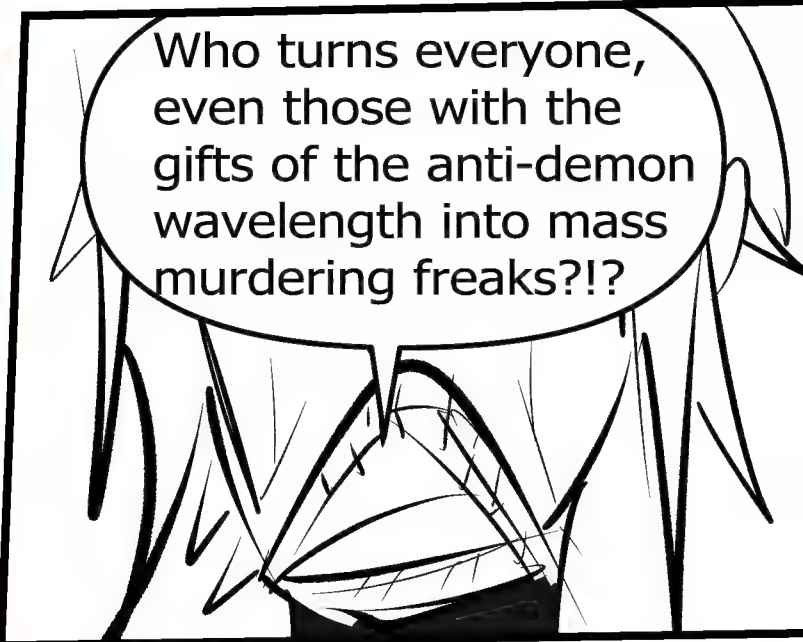

I have 17 years
and a day of proof!

Who corrupts
the pure souls?

Who uses them
in their experiments
and evil schemes?

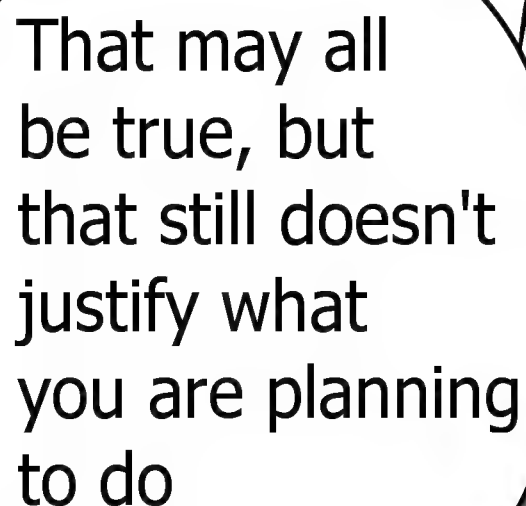

Who sows the
seeds of discord
that drives one
into madness?!

Who turns everyone,
even those with the
gifts of the anti-demon
wavelength into mass
murdering freaks?!?

And all that to be
met with mockery
and scorn by them,
and by her too...

That may all
be true, but
that still doesn't
justify what
you are planning
to do

I know Kim for
a long time now

And whatever may
apply to other witches
doesn't ring true with her

Yeah, she
insulted you,
but you don't
need to prove
her right, can't
you see she was
under stress all
this time too?

She's my friend, witch or not
and if you even give evil humans
a second chance, why not her?

Humans
do not-

And Lord Death is
literally allowing,
Angela, a witch,
to stay in the city!

That isn't-
Kim already
betrayed us
by leaving-

Like you did?

Do you think you
know better than
Lord Death?

So let's take her back
and let him decide

I-I guess
you are
right...

Even if it's a
witch, that was
willing to burn up
a fellow student,
the rules must be
respected, the
result won't
change anyways...

Hey Crona, why
didn't you turn
of the headlights?

What, I'm
sure I turned-

Lightning
KING!

Of course!

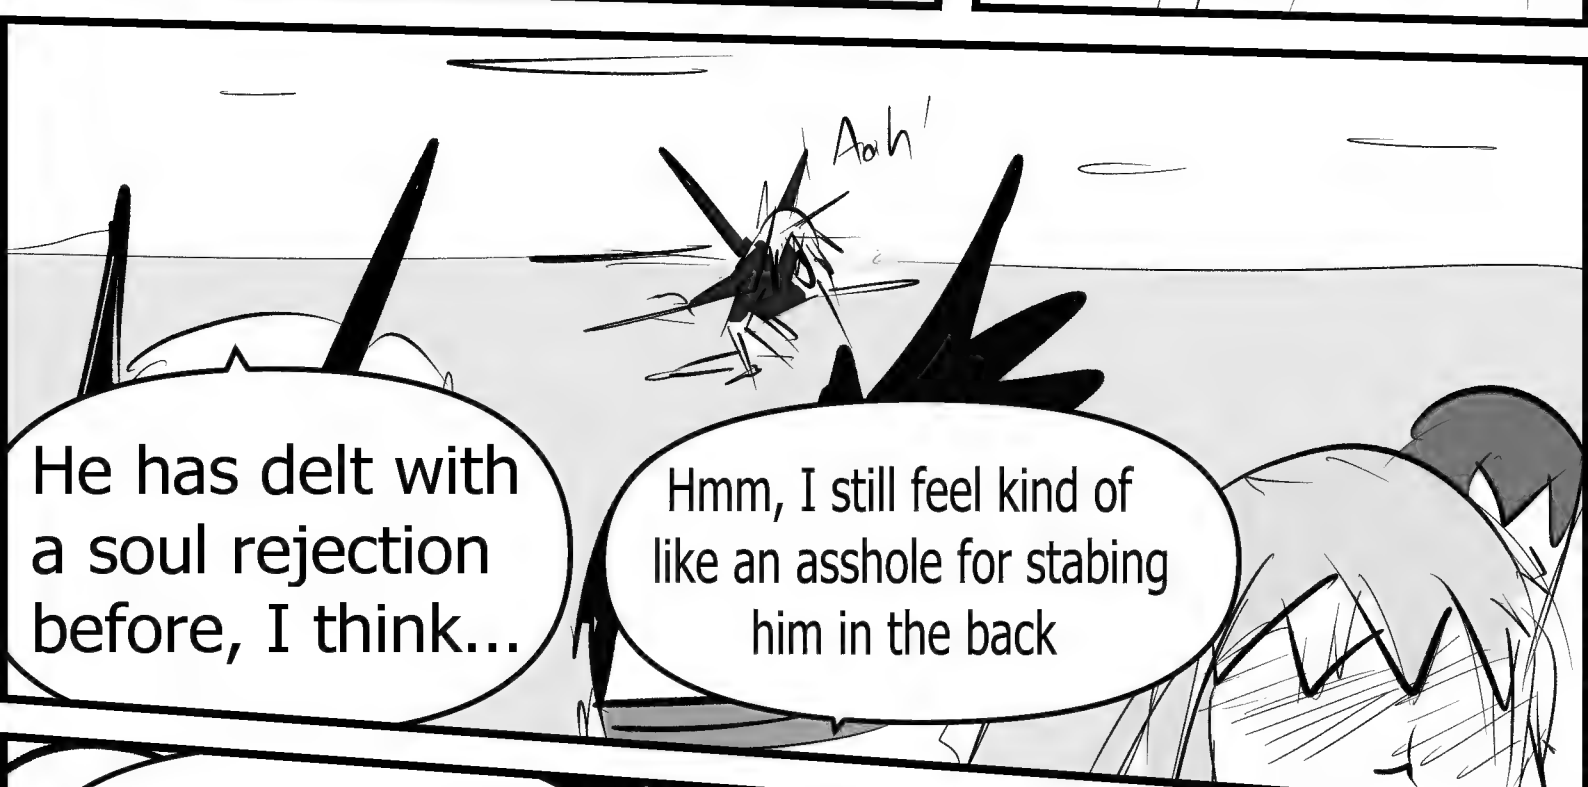

Aah!

Swish

I don't know...

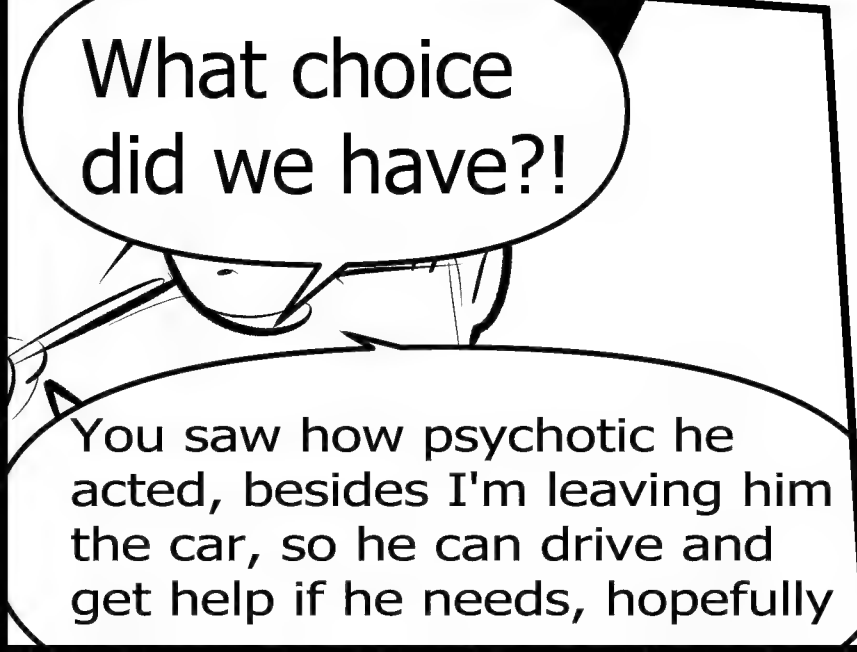

Is he gonna be alright?

Aah!

He has delt with a soul rejection before, I think...

Hmm, I still feel kind of like an asshole for stabbing him in the back

What choice did we have?!

You saw how psychotic he acted, besides I'm leaving him the car, so he can drive and get help if he needs, hopefully

Man, you put it as if not jacking his car is a mercy, after leaving him to fend for himself?

(Damn, hope he wasn't right after all...)

Again...

Why?

They left me

Betrayed me
for a witch

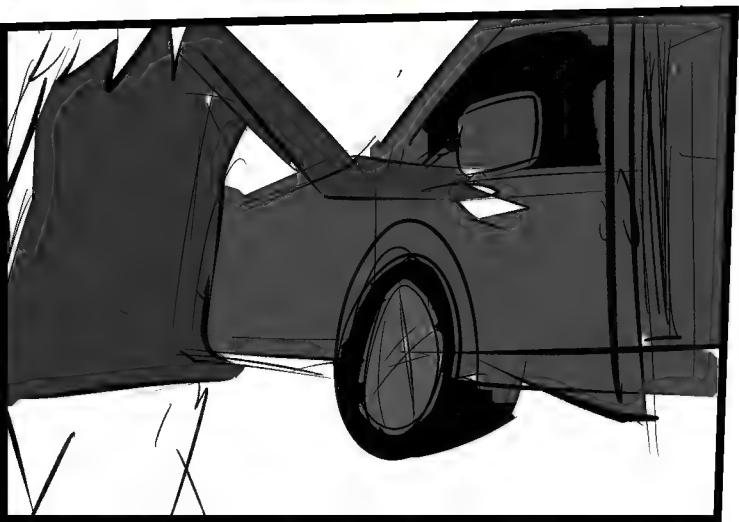

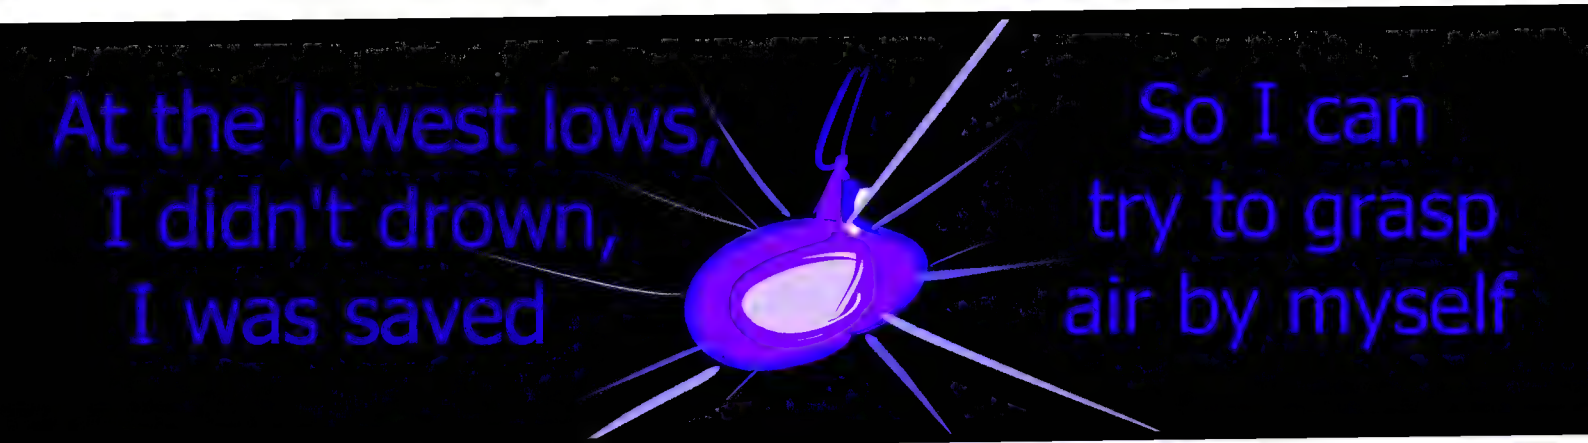

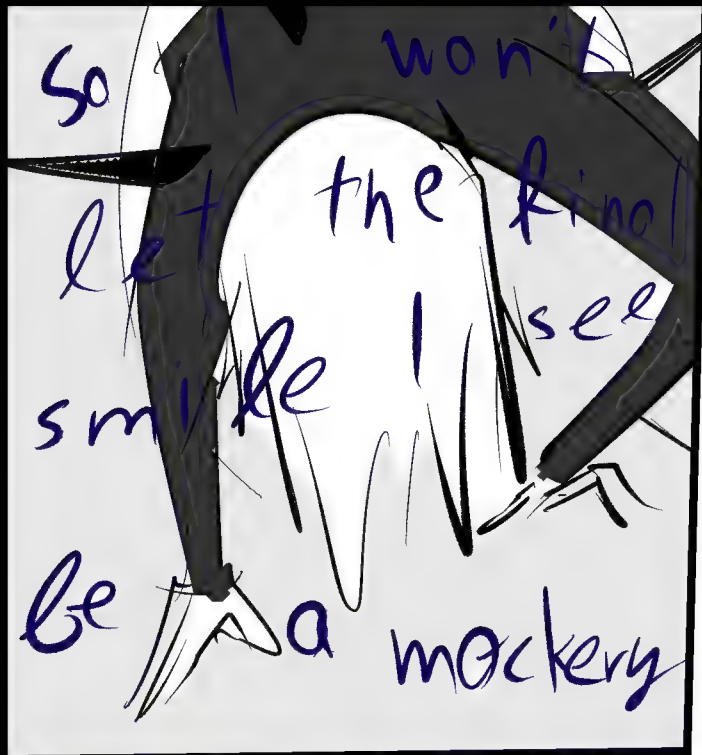

Am I that worthless?

Is this how I'm
gonna die,
as refuse of refuse?

Deserted in this
desert
I guess I lied
myself

Alone on foot

Atleast Ragnarok
could berate me,
would feel less
lonely...

Ragnarok, are
you alright?

ha ha

Gupi!

hahaha

Gupi!

It is as if he
lost his mind

Did I cause
this to?
Did I let
madness-

No, I cant
think like
that, I have
to break this
negative loop!

I just have to
get back home
and everything
will be fine

Yeah...

I can deal
with this-

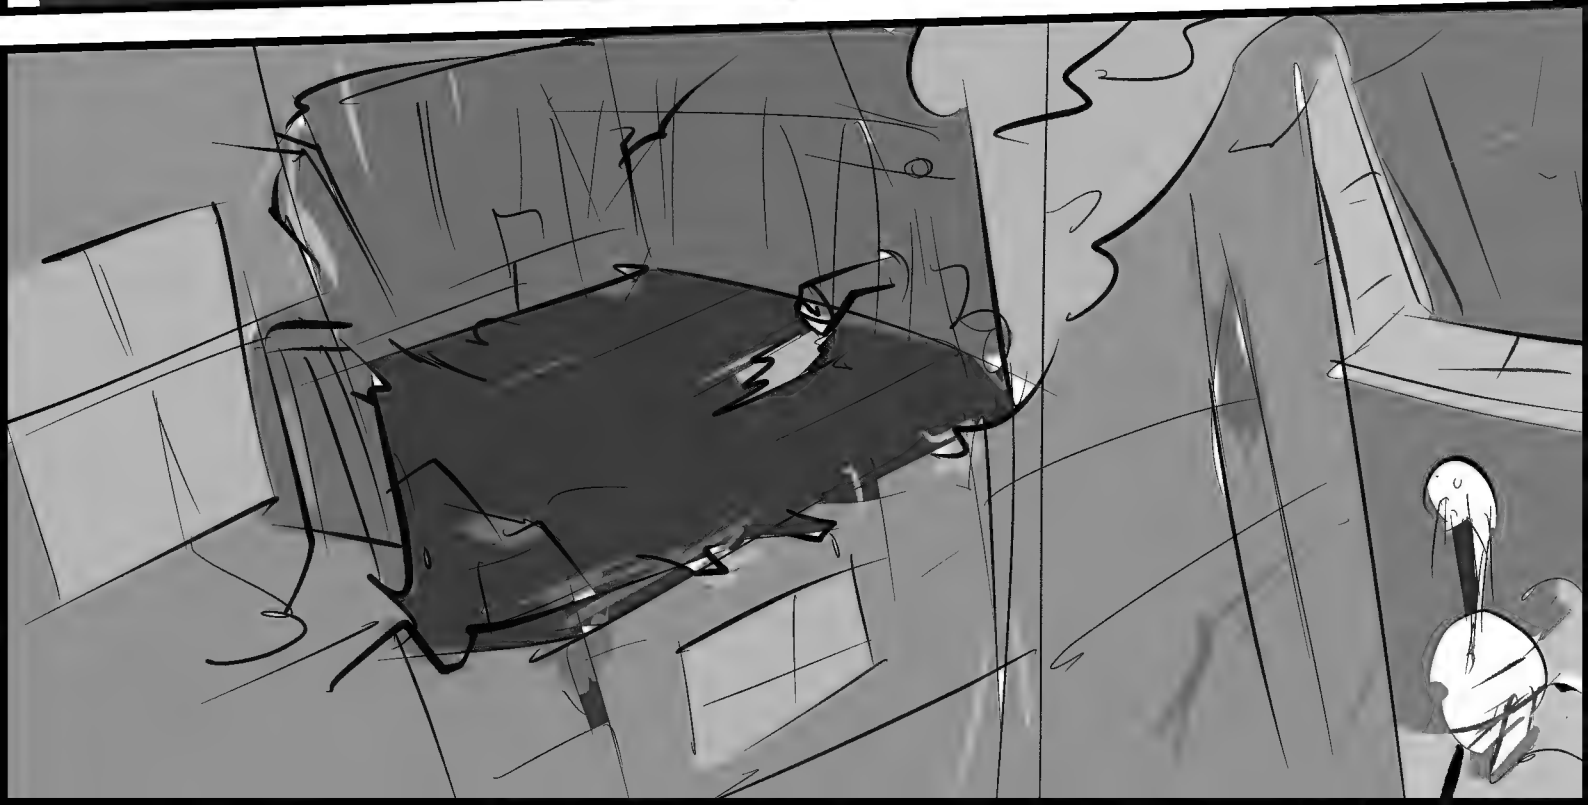

This can't be-

Nonono

I must be having a nightmare

please Maka, be-

Those bastards,
they just vanished

S-Sid?-

They must have
used an ancient
demon tool or
something

Hell, tracking them
could take days...

What
happened
here?!?

How do
I put it

The good news is, there
seem to be no casualties
on our side, besides
damaged infrastructure

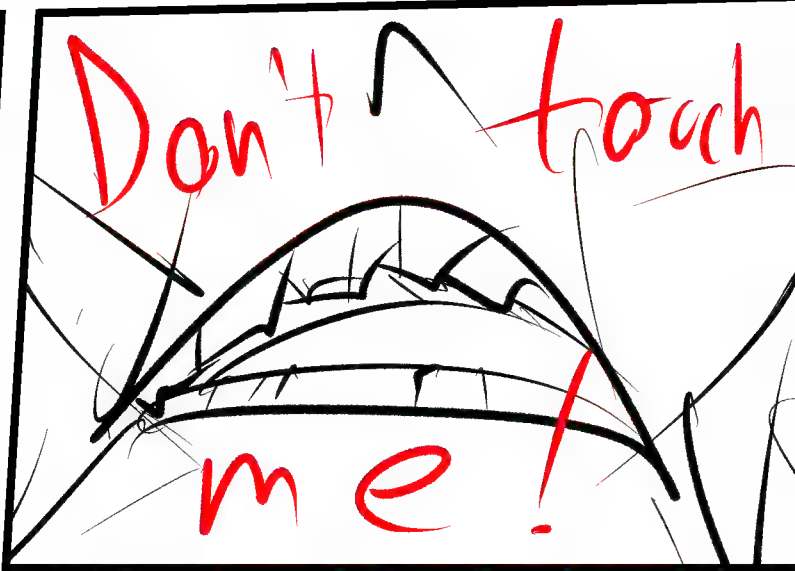

But that probably
wasn't the objective
of the mission...

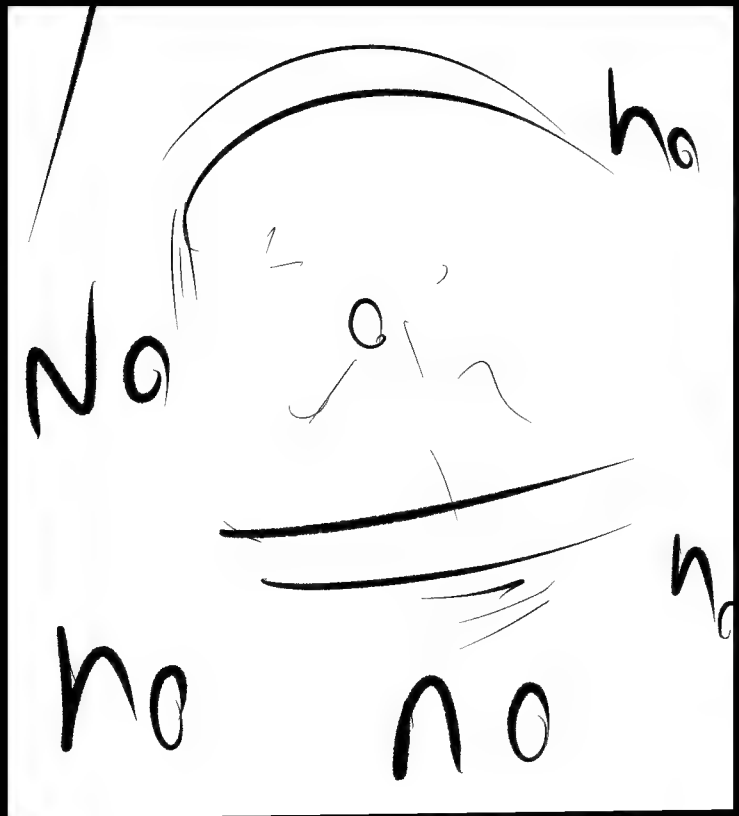

Kid, Maka,

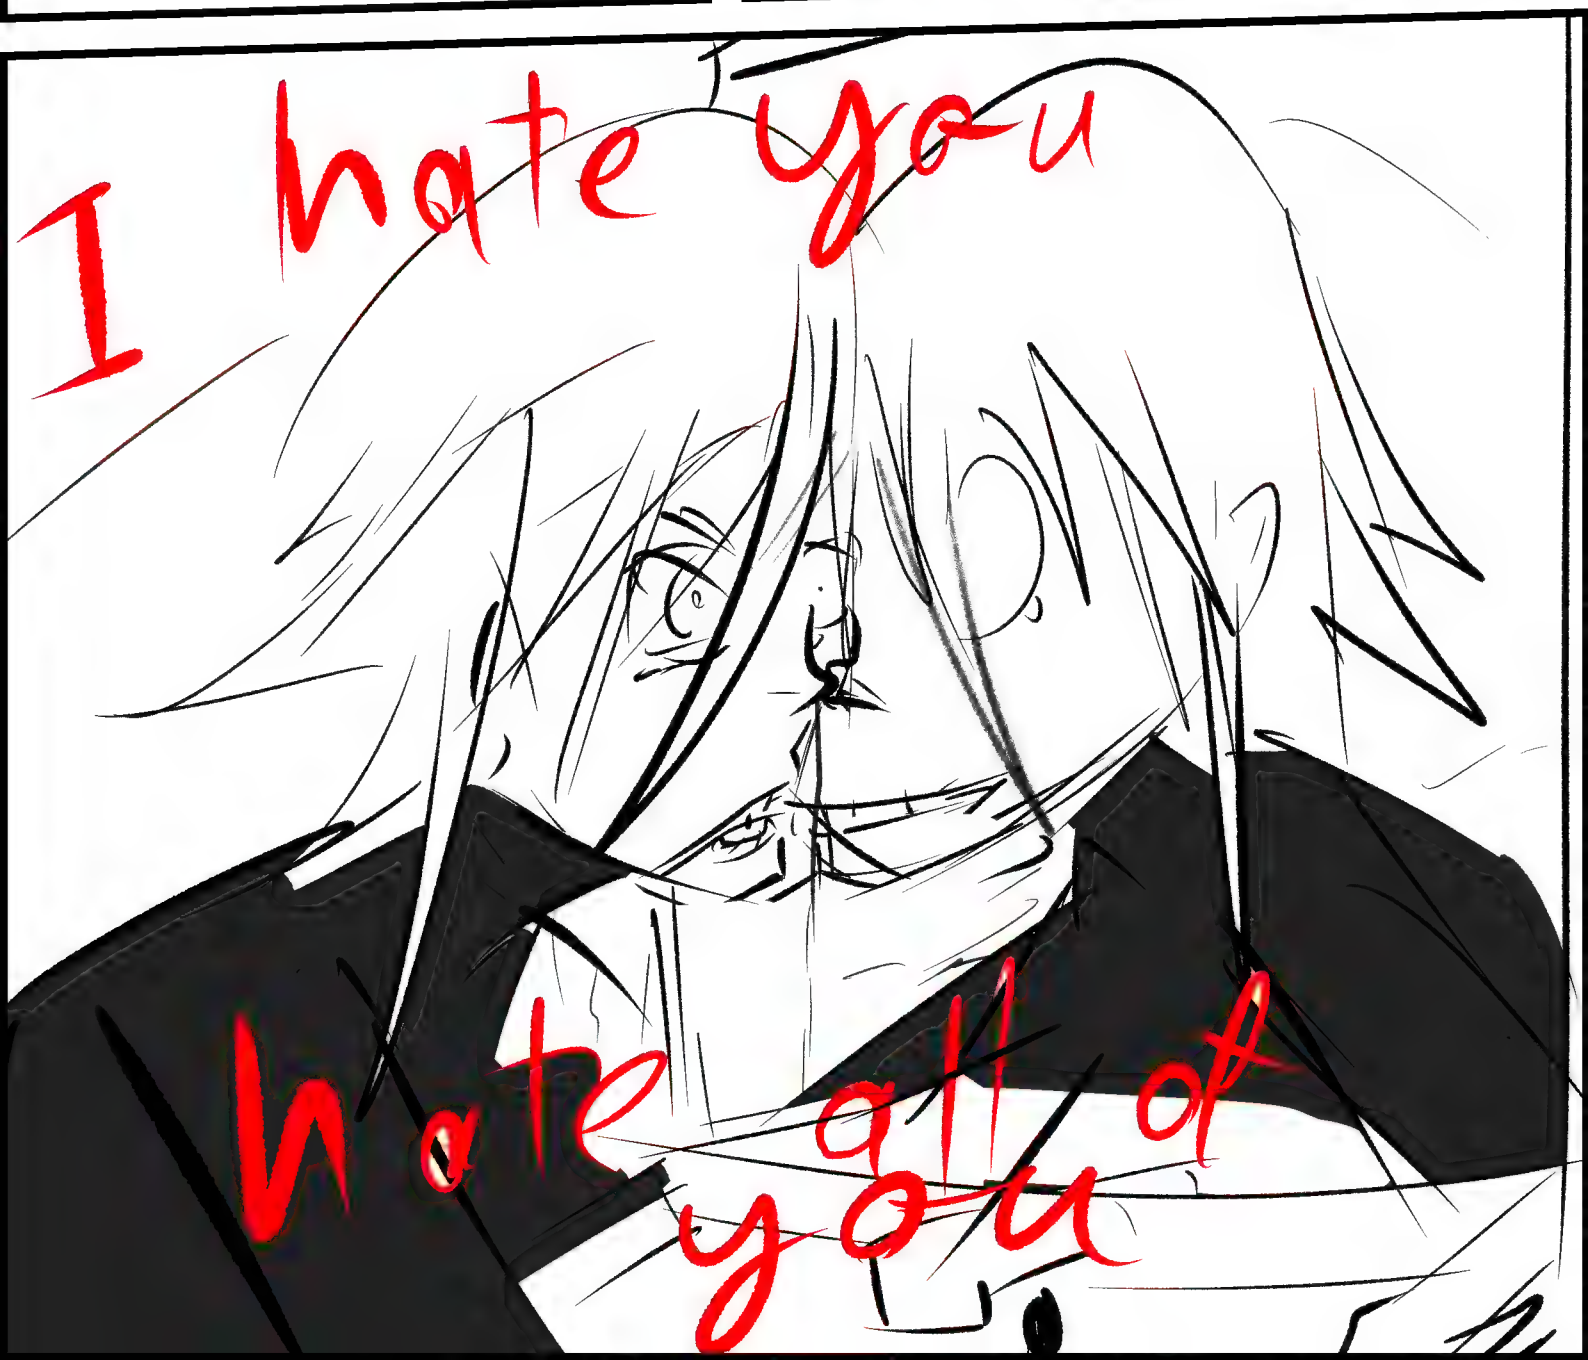

They
kidnaped
her

All I see is all the
bad and ugly

all of the pathetic
and disgusting in
this world

staring back at me

mocking, shocking,
sucking all the joy
out of existence

See they rejected
you, without me

you are useless,
not even a tool

Ribbit, just put some
pills in your drink, like

you did once when we told
you too, why not again?

As my nephew you would
make me proud, my dear

I've seen it all, you never really
could be part of the DWMA

BOYSPAWN

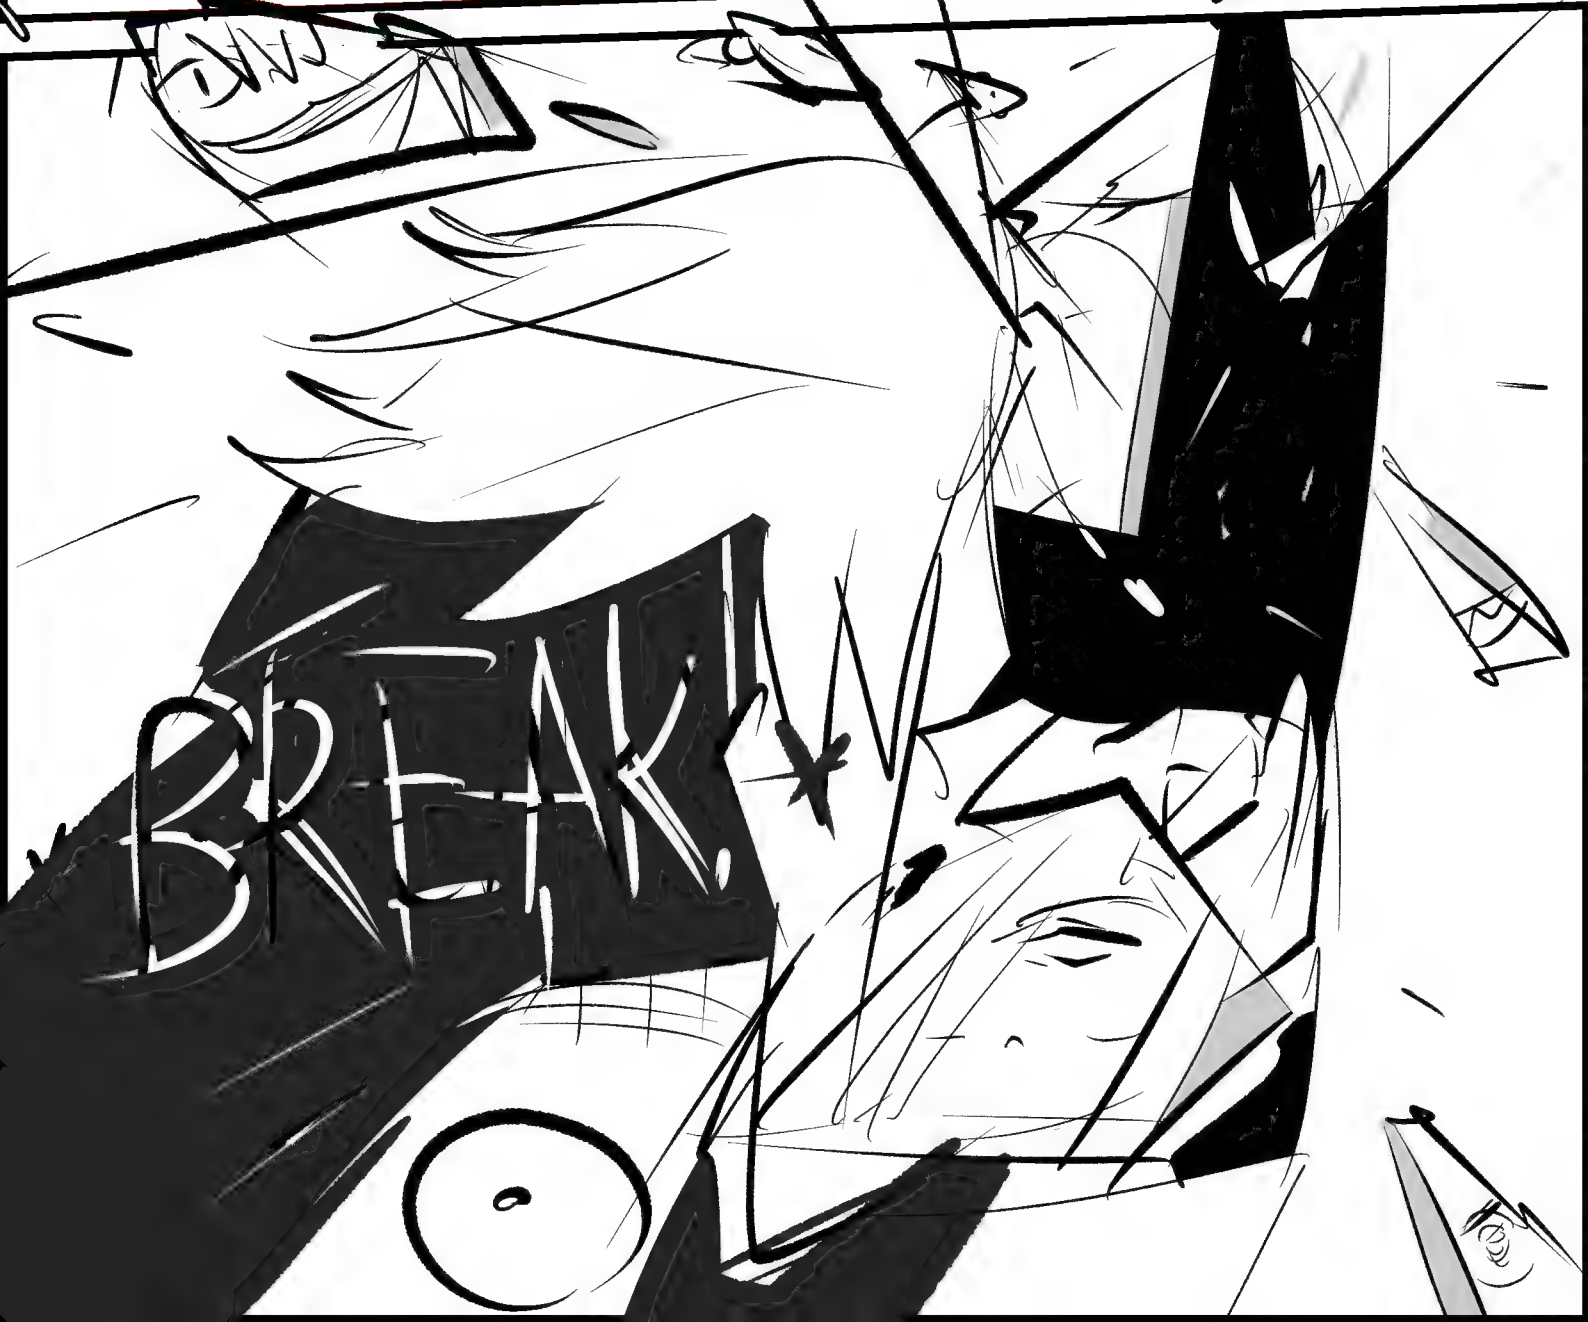

You witchboy
are mean, just
do it, I hate you

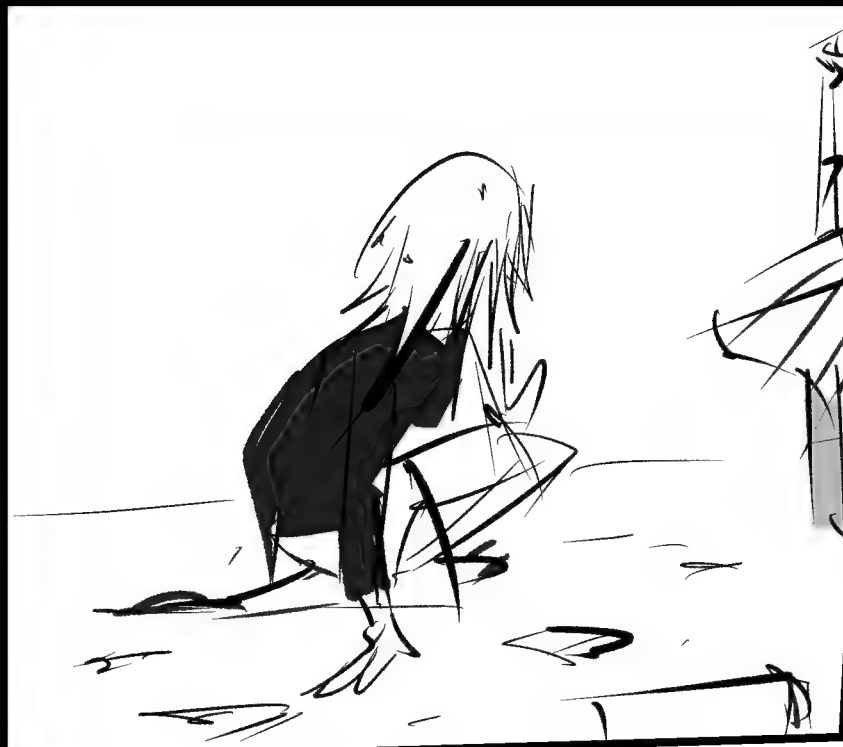

See freak nobody
likes you, they
all chose me

So why not make
yourself useful for
once by ending this
pathetic excuse for
a human, loser?

You think it's funny,
despair is what you
are, nothing good

can be left? You hate
it, don't you - so even
your own destruction
you crave, right? Ok!

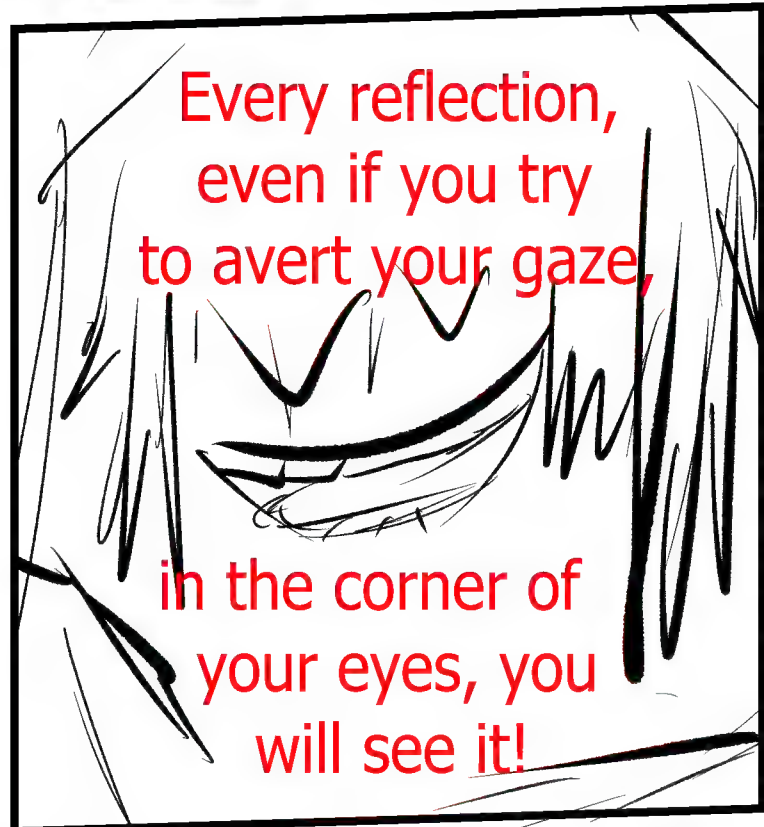

You'll never escape
even if you break

every mirror in the
United States with
your face!!!

Every reflection,
even if you try
to avert your gaze,

in the corner of
your eyes, you
will see it!

You know it's true

Don't ya?

So what ya gonna do crybaby?

Just put this
ridiculous
facade

to an end

Slash

Crunch

Chip

Crunch

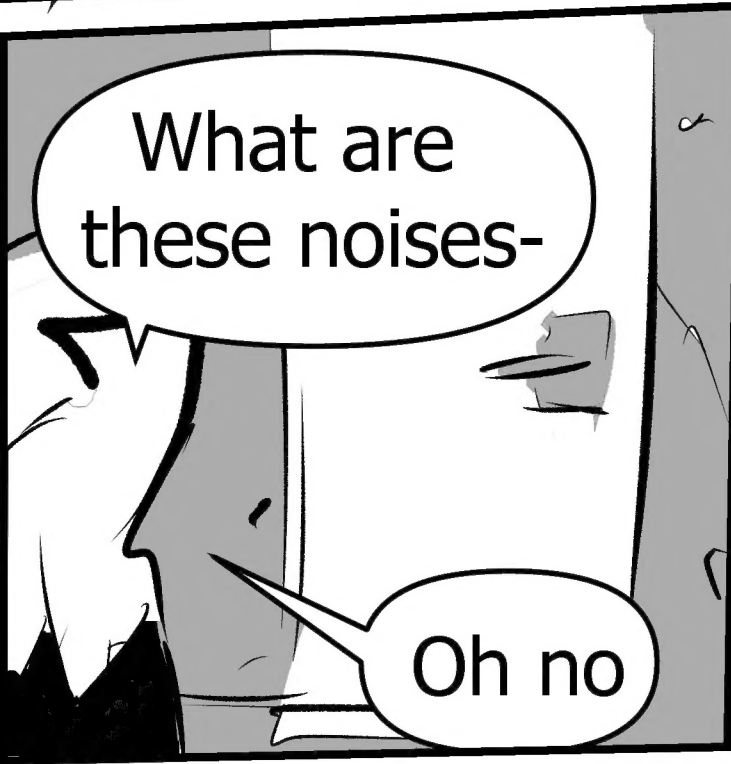

Crona!

I-I heard what happened!...

Crona?!

Where are you?

What are these noises-

Oh no

Crona! Please!

Open!

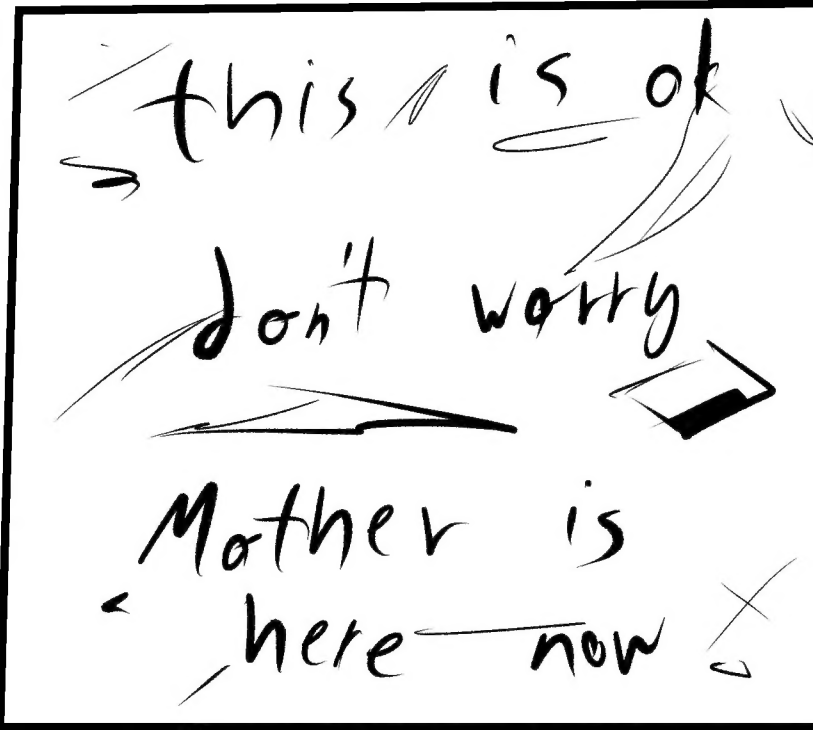

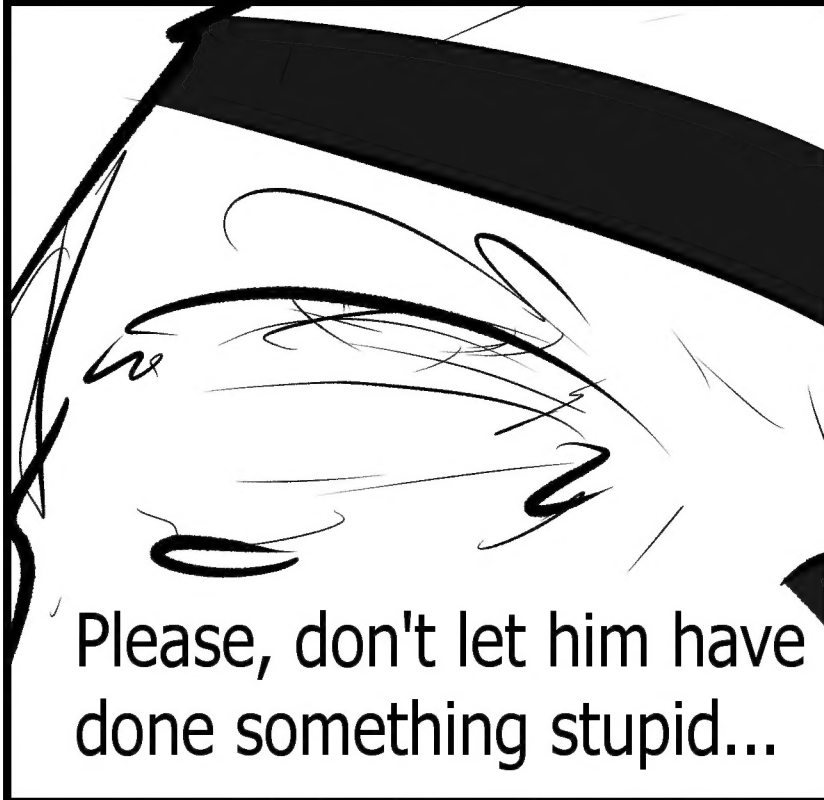

It's gonna be alright.

No time, I'll have to do it

thud

Everything
will be
allright,
we'll get
through this

Even if, eh, this
new "look" is gonna
take some time to
get used to...

Uh...

Yeah, it
will grow
back fast,
I'm sure

Maka, she...

IS
GONE
